PREFACE

This application should be completed to the best of your ability. It is the first step in gaining residency to a California Veterans Home. CalVet recommends you take the following steps if you wish to expedite the admissions process:

- 1. Contact your physician as soon as possible and set up an appointment to complete Section C. Note that Section C is valid for 6 months once signed.
- 2. In addition to filling out and including Section B, use Section B to request the most recent 12 months of medical history from your physician's office, hospitals, and all other health care providers. Include the documents with your application package. Usually the slowest part of the application process is that the Home must request and wait for your medical records to arrive at the Admissions office. We recommend that you obtain copies of your medical records and send them directly to the Admissions office to avoid delays.

For your application to be considered complete, please submit a copy of the following documents with your application package.

A copy of:

Form DD-214, Certificate of Release or Discharge From Active Duty Proof of California Residency, (see page A-1, California Residency) Copies of the front and back side of all your health insurance cards (Medicare, Medi-Cal, TRICARE, USDVA Health Care etc.).
