Upload Rx charge files to ADL's cloud based charge file checker and compare prices against your pharmacy contract terms to identify if you're being over charged.

### Charge File Analysis in 3 Easy Steps:

1. Logon to Charge File Checker
2. Upload Charge Files
3. Print Reports & Save as Excel Files

### Detailed Reporting

- Compare actual to negotiated prices
- Highlight calculated differences
- Measure against industry pricing

### Self Check Pharmacy Charge Files

- Setup pricing formulas defined by your vendor agreements
- Define Brand, Generic, Rx and OTC discounts for each pharmacy
- Compare charge files against these formulas and make sure the pharmacy isn't overbilling you
